In attendance in terms of Section 138 (2) and (3) and Section 104 (3) of the Constitution

Hon Made

Hon Mathuthu

Hon Dokora

Hon Mnangagwa

Absent with leave

Hon. Chikukwa; Hon Ndhlovu Anastancia; Hon. Eng. Madanha; Hon Moyo F.; Hon Chimene; Hon Gumbo J.M.;

1. Paper laid upon the Table-

The Minister of Public Service, Labour and Social Welfare

African Charter on Values and Principles of Public Service and Administration [*by Section 327 of the Constitution*].

2. The Speaker informed the House that the Code of Ethics for Members of Parliament that was approved by the Sixth Parliament and the Draft Asset Declaration Register approved by the Committee on Standing Rules and Orders on the 21st of April, 2016 had been circulated through Members' pigeon holes. Members were requested to consider and submit their views and recommendations on the Asset Declaration Register to the Counsel to Parliament's Office by the 31st of May, 2016, for consideration by the CSRO.
3. The Speaker also informed the House of the following changes to Committee Membership:
 - (a) Hon. P. Dutiro would serve on the Portfolio Committees on Lands, Agriculture, Mechanisation and Irrigation Development and Environment, Water, Tourism and Hospitality Industry; and
 - (b) Hon. A. Chimwamurombe would serve on the Portfolio Committees on Higher and Tertiary Education, Science and Technology Development and Industry and Commerce.
4. The Speaker made a ruling following allegations made by Hon. Maidadi during a motion on human trafficking in Zimbabwe, that certain Members were part of the syndicate involved in human trafficking as follows:

Yesterday, the 18th of May 2016, during the debate on Human Trafficking, Hon Maridadi alleged that he had evidence of some Members of Parliament that were complicit in the abuse of women. He however, could not produce the evidence at the material time and promised to submit it today. Previously, the Chair has ruled in this august House directing Hon Members to desist from making unsubstantiated *allegations against other Members and Officers of Parliament or members of the public except by way of a substantive and clearly formulated motion*".

In his contribution to the debate Hon Maridadi alleged that he was in possession of evidence imputing that some Hon Members are accomplices to the recruitment of Zimbabwean women to Kuwait to work as slaves and promoting the abuse of women. He further alleged that an unnamed Member of Parliament owns a Night Club called the Private Lounge which is along Harare Street which promotes stripping of women to provide pleasure to patrons most of whom are men. When confronted to submit the names, Hon. Maridadi promised to avail the names to the Hon Speaker today.

As a result, the Chair has noted with grave concern the persistence by some Honourable Members of Parliament to willfully disregard and defy lawful rulings made by the Chair in respect of adherence to peremptory constitutional provisions. By way of a

reminder, and this being the last warning to the Members concerned and others, the Chair is again ruling as follows:

The Privileges, Immunities and Powers of Parliament Act [Chapter 2:08] which guarantees the privileges of Members of Parliament, including freedom of speech is subject to the provisions of the Constitution as the supreme law of the land. More specifically, section 61(5) of the Constitution of Zimbabwe provides that freedom of expression and freedom of the media exclude:

- (a) *incitement to violence;*
- (b) *advocacy of hatred or hate speech;*
- (c) ***malicious injury to a person's reputation or dignity;** or*
- (d) *malicious or unwarranted breach of a person's right to privacy.*

Accordingly and as aptly specified in section 119 (1) of the Constitution of Zimbabwe,

“Parliament must protect this Constitution and promote democratic governance in Zimbabwe”.

Where Members make any allegations against any other Member or Members, that is relevant to the debate on the floor, they must immediately table the evidence to substantiate their claims. Any Member of Parliament who fails to observe this and other previous rulings may be liable for censure in this House or be charged with contempt. The previous rulings of the Chair clearly stated that *“no Member shall be allowed to make unsubstantiated allegations against other Members or members of the public except by way of a substantive and clearly formulated motion”.*

The ruling of the Chair does not amount to limiting the freedom of speech of Members of Parliament or gagging them. Any Member of Parliament wishing to engage in objective and constructive debate on an improper conduct of any other Member of Parliament should do so by way of a clearly substantiated separate motion accompanied with verifiable evidence in support of such a motion before the Chair can clear it. The Chair's ruling provided for a procedure to be followed in conducting debate in this House should one raise factual allegations on any other Member of Parliament or a member of the public. This is an honourable august House where spurious allegations calculated to unjustly injure the dignity of others shall not be admitted under the guise of freedom of expression.

Therefore, pursuant to provisions of Standing Order 110(1) of the National Assembly:

“Any member who disregards the authority of the Chair or persistently and willfully disrupts the business of the House commits an offence for which he or she may be suspended from the service of the House”

The Chair wishes to emphatically state that all decisions and orders made by the Chair are binding on all Members of the National Assembly and have full force of law until such a time when they are amended, annulled or rescinded either by the Chair or a competent authority in terms of the Constitution of Zimbabwe.

In line with well documented parliamentary procedures meant to ensure the orderly flow of business, it is the duty of the Speaker to interpret rules impartially, to maintain order, and to defend the rights and privileges of Members, including the right to freedom of speech, subject to the law as well as the right of every person's protection under the Constitution as stated in section 61(5) of the Constitution.

Consequently, all Members of Parliament must comply with the ruling which the Chair made in this House previously, failure of which serious consequences will follow.

8. HON. NDUNA
HON. DR. LABODE

That this House;

COGNISANT that due to the prevailing economic challenges and high levels of unemployment the vast majority of Zimbabweans have very limited disposable income;

AWARE that Section 76 of the Constitution makes access to health care a fundamental and inalienable right of every Zimbabwean and obliges the State to ensure that no person is refused emergency medical treatment in any health-care institution;

ALARMED at the prohibitive cost of blood in both public and private hospitals with a pint going for USD 140 on average which has made access to blood a preserve of the rich;

CONCERNED that the majority of Zimbabweans who require blood transfusions, particularly in district hospitals and clinics, are succumbing to avoidable deaths owing to their inability to afford blood;

FURTHER CONCERNED that though emergency medical treatment is a fundamental human right, health institutions are refusing to give needy patients blood without prior payment yet the cost is beyond the reach of many;

DISTRESSED that blood transfusion in district hospitals and clinics is only available for expecting mothers and is not extended to victims of accidents and trauma who account for 35% of the national blood requirements;

MINDFUL that blood distribution by the National Blood Service Zimbabwe in 2014 marginally increased by 0.7% primarily due to depressed demand owing to the harsh economic conditions;

DISTURBED that the price of blood in Zimbabwe does not compare favourably with the price of blood regionally;

NOW THEREFORE, call upon the Executive to:

- (a) Subsidize the cost of blood to save lives by ensuring that it is available for all needy patients at private and public hospitals;
- (b) To de-centralise the blood bank by establishing a blood bank at all district hospitals and clinics;
- (c) To raise awareness on the importance of donating blood particularly among adults who account for only 20% of the national blood donations yet use 80% of the blood so donated.

16. HON. MARIDADI
HON. A. NDEBELE

That this House:

NOTING that when setting out the legislative agenda during the official opening of the 3rd session of the 7th Parliament on July 14, 2010, His Excellency, the President, stated that Media Practitioners Bill which would repeal part of the Access to Information and Protection of Privacy Act which deals with the registration of journalists and privacy issues would be tabled in Parliament;

WORRIED that six years on, Executive has not responded to the call;

FURTHER WORRIED that AIPPA is in violation of some provisions of the new Constitution in particular section 61 (1) (a), (b) and (c);

CONCERNED that by not tabling the Bill, the Executive is violating its crucial role of preparing and initiating legislation as provided for in Section 110 (3) (c) of the Constitution of Zimbabwe.

FURTHER CONCERNED that failure to table the Bill is an abrogation of constitutional responsibilities of the Executive as outlined under Section 110(3) (c).

NOW THEREFORE calls upon the Executive to urgently table the Bill to repeal the offending provisions of AIPPA.

17. HON. D. SIBANDA
HON. GONESE

That this House;

NOTING that children's rights are adequately covered in the New Constitution and include *inter alia*-

- (a) the right to a name; and
- (b) The right to the prompt provision of a birth certificate.

CONCERNED that children face a plethora of problems, in particular those with single parents or who have lost both parents, in accessing the relevant documents.

FURTHER CONCERNED that children face a multitude of difficulties, particularly the girl child, which include sexual abuse and exploitation.

WORRIED that these issues have not received adequate remedial measures.

NOW THEREFORE this House calls upon the relevant Ministries to put in place:

- (a) appropriate mechanisms to resolve the problems faced by children and, in particular, to synchronise the issuance of identity documents at all health centres by the Ministry of Home Affairs, at the time of birth; and
- (b) measures to address issues of sexual abuse and exploitation of children as matter of urgency.

ALARMED THAT Violence Against Women (VAW) is on the increase;

WORRIED that women are the most affected by the climate change, energy and water shortages;

FURTHER WORRIED that the women are the most affected by and bear most the consequences of the economic and social challenges;

CONCERNED that the Ministry of Women Affairs, Gender and Community Development is not adequately financed;

FURTHER CONCERNED that the following ratified Regional and International Instruments and Protocols have not been domesticated:

- (a) The Convention on the Elimination of all Forms of Discrimination Against Women (CEDAW);
- (b) The Protocol to the African Charter on Human and People's Rights on the Rights of Women in Africa (the Maputo Protocol);
- (c) SADC Protocol on Gender and Development;
- (d) International Covenant on Civil and Political rights; and
- (a) International Covenant on Economic, Social and Cultural Rights.

NOW THEREFORE, calls upon the Executive to urgently domesticate the afore- stated Regional and International Instruments and Protocols.

19. HON. CHAMISA
HON. GONESE

That this House;

NOTING that it has been exactly one year since the disappearance of Itai Dzamara;

CONSIDERING that the Minister of Home Affairs was ordered to give monthly reports on progress;

PERTURBED that the Government has not been updating the Nation on progress;

COGNISANT of the citizen's constitutional right and the importance of strengthening the constitutionalism, human rights and consolidation of democracy;

ACKNOWLEDGES the existence of the International Convention on the Protection from Enforced Disappearances as an international human rights instrument.

NOW THEREFORE, Parliament calls upon the Government to:

- (a) Bring finality and closure to investigations leaving no stones unturned;
- (b) Chip in on the social welfare and support to the Dzamara family, particularly the wife and children as restorative and rehabilitative measures;
- (c) Guarantee non repetition of such occurrences and giving assurance in the protection to the right to demonstrate and petition; and
- (d) Ensure all perpetrators of politically motivated violence are prosecuted and that victims receive restorative and rehabilitative justice.

20. HON. B. TSHUMA
HON. GABBUZA

That this House:

DEVASTATED by the clear and evident failure and dereliction of duty by the Ministry of Mines and Mining Development to effectively exercise ownership rights vested in the government's majority stake in Hwange Colliery Company Limited,

COMPLETELY WORRIED that this has led to the precipitous and absolute collapse of the Hwange Colliery Company Limited;

NOW THEREFORE, calls upon the Executive, in liaison with fellow shareholders of Hwange Colliery Company Limited;

To pay, with immediate effect, each and every employee of the company all his or her wages, wages of which have been unpaid and remain outstanding for 30 or so consecutive months

Institute a thorough forensic audit of the company's affairs and prosecute individually or jointly and severally all the company officials liable for wrong doing.

Urgently take emergency measures to rescue the company from imminent winding up as a failed corporation by putting in place an effective management team and board of directors.

Serious consider setting up a professional body to manage investment of public funds in corporations like Hwange Colliery Company, instead of leaving such responsibility to fortuitous ministerial appointees.

21. HON. NDUNA
HON. KHUPE

That this House takes note of the Report of the Zimbabwe delegation to the Fourth International Parliamentary Forum on the Role of Parliaments in Ensuring International Security in Contemporary Conditions, held in Moscow, Russia on the 1st October 2015 and the Sixth Global Conference of Parliamentarians Against Corruption held in Yogyakarta, Indonesia, from 6th to 8th October 2015.

HON. MAONDERA

That this House -

RECALLING THAT on 5 February 2014 I moved a motion for stiff mandatory sentences for rape and other gender based violence crimes, scientific investigation of rape and the implementation of the National Gender Based Violence Strategy.

DISMAYED that only the Ministers of Justice, Legal and Parliamentary Affairs and Women Affairs, Gender and Community Development responded to the motion, while the Ministers of 1) Health and Child Care, 2) Home Affairs, 3) Finance and Economic Development and 4) Higher and Tertiary Education, Science and Technology Development did not respond to the motion, causing me to move to re-instate it on the Order Paper upon its lapse with the prorogation of 2 sessions.

NOTING THAT the 16 days of activism against gender based violence began on 25 November and ended on 10 December 2015, the International Human Rights Day whose theme was '*From Peace in the Home to Peace in the World: Make Education safe for all*';

STILL DISTURBED by the high rate of gender based violence in Zimbabwe, i.e. against women and girls who have been raped from 2013-2015;

STILL CONCERNED by the low rate of apprehension, conviction and sentencing of perpetrators of gender based violence;

STILL CONCERNED by the absence and lack of crime forensic experts in Zimbabwe, as well as the lack of forensic rape investigation kits;

COGNISANT that at the launch of the 16 days of activism campaign of 2012 government launched the National Gender Based Violence Strategy 2012-2015 whose four key result areas are Prevention, Service Provision, Research, Documentation, Evaluation and Coordination;

Now therefore resolve that;

- a. There be legislated a mandatory sentence for rape, including statutory rape, of not less than thirty years and appropriate sentences for other forms of gender based violence.
- b. The government immediately engages adequate services of forensic scientists for purposes of investigating rape.
- c. The government immediately and continually equip all police stations with forensic investigation rape kits.

d. The government immediately implements with stakeholders the “Zimbabwe National Gender Based Violence Strategy: 2012-2015”.

HON. ZINDI

That this House;

COGNISANT of the fact that the Head of State and Government and Commander in Chief of the Zimbabwe Defence Forces, President Robert Gabriel Mugabe has played a pivotal role in the establishment, development and welfare of the Zimbabwe Defence Forces;

AWARE of the fact that the Zimbabwe Security Services are a product of the armed liberation struggle;

ACKNOWLEDGING that the Zimbabwe Security Services are the vanguard of the country’s peace, security and sovereignty;

NOTING that the Zimbabwe Security Services have maintained and contributed to peace both within and beyond the country’s borders through their peace keeping missions;

ALARMED by the lack of appreciation of the role the Zimbabwe Security Services played and continue to play in the socio – political and economic development of Zimbabwe and Africa from some quarters of the local and international community;

NOW THEREFORE, calls upon the heroic Zimbabwean people:

- (a) To recognise the iconic role and visionary leadership of the Commander in Chief of the Zimbabwe Defence Forces, President Robert Gabriel Mugabe;
- (b) To complement the efforts of the Zimbabwe Security Services in the socio-political and economic development of the country to improve the welfare of the Nation; and

40. Adjourned debate on motion on the need to urgently allocate resources towards the exploration of the country's minerals (*Reinstated 9th February, 2016- Hon. Nduna*).

[Days elapsed: 17]

Question proposed: That this House –

MINDFUL of the efforts being made by the Government to accelerate economic growth and wealth creation through the Zimbabwe Agenda for Sustainable Socio-Economic Transformation (ZIMASSET) Economic Blueprint;

COGNISANT that the success of the ZIMASSET blueprint is anchored on the judicious exploitation of the country's abundant natural resources;

ACKNOWLEDGING that Zimbabwe is endowed with ubiquitous mineral resources as the nation has the world's largest diamond reserves, second largest platinum reserves and mineral resources encompassing 60 different types of minerals and 40 that have been exploited to various extents;

CONCERNED that despite such an abundance of mineral wealth, there is neither geological information nor exploration to date to determine the quantity of mineral resources in Zimbabwe;

AWARE that the information concerning the nation's mineral wealth that can be obtained by exploration will simultaneously attract foreign investment, increase the country's net worth as well as strengthen the value of mines and claims already in indigenous hands, setting the necessary preconditions for locally driven growth in the mining industry;

NOW THEREFORE calls upon the Executive to:

- i. Expeditiously allocate resources towards mineral exploration;
- ii. Establish a database containing up to date geological information; and,
- iii. Urgently bring before Parliament a Minerals Exploration Bill to promote resource evaluation, reserve definition and ultimately, resource extraction- **Hon. Nduna.**

41. Adjourned debate on motion on the need to harmonize the Mines and Minerals Act and the Lands Acquisition Act (*Adjourned 9th February 2016- Hon. Nduna*)

[Days elapsed: 18]

Question proposed: That this House:

MINDFUL that Government, through its Land Reform Program undertook an agrarian revolution to address the colonial and historic land imbalances and foster ownership by the formally marginalized black majority;

COGNISANT that one of the four pillars of the Zimbabwe Agenda for Sustainable Socio-economic Transformation blue print is anchored on food security and that agricultural land is the key enabler in this matrix;

FURTHER ACKNOWLEDGING that Sections 29-38 of the Mines and Minerals Acts of 1951 gives the right to miners to displace farmers from agricultural land in order to exploit mineral deposits and can thereby create value for mineral rights;

CONCERNED that agricultural land is still being treated as though it is for subsistence only and of no value commercially and that this negates the gains made under the land reform programme and denies the new farmers the opportunity to use the value of the land as collateral for loans or as a means of realizing the value of their farms when they wish to dispose of them.

NOW THEREFORE calls upon the Executive to:

Expediently harmonize the Mines and Minerals Act and the Lands Acquisition Act to bring them to parity and conformity with each other so that farmers and miners have the right to establish ownership of the resources they are using for productive purposes.

Grant both farmers and miners secure rights to the resources they are using so that they can be valued and sold at market prices and used as collateral for the purpose of raising funds for productive enterprise; and

Urgently bring before Parliament amendments to the Land Acquisition Act and Mines and Minerals Act, clearly detailing the amendments and changes that will promote and facilitate the secure usage of the land by farmers for agricultural purposes and by mining either individually or in joint venture partnership between miners and farmers on the same land – *Hon. Nduna*

42. Adjourned debate on motion on national war heroes shrines (*Reinstated 9th February, 2016- Hon. Nduna*).

[Days elapsed: 16]

Question proposed: That this House -

ACKNOWLEDGING the selfless sacrifice made by the brave sons and daughters of Zimbabwe who gave their lives during the Chimurenga and national liberation struggles;

FURTHER ACKNOWLEDGING that the peace and harmony that prevails in Zimbabwe today and the ownership of indigenous resources by indigenous Zimbabweans was as a result of the valiant cadres who gave life and limb for us to enjoy these glorious fruits of their selfless sacrifice;

COGNISANT that our constitution exalts and extols the brave men and women who sacrificed their lives during the Chimurenga / Invukela and national liberation struggles and is founded on recognition of and respect for the liberation struggle while it is incumbent within our culture to recognize, maintain and respect the places where

the dead are buried;

YET APPALLED at the apparent state of dilapidation and neglect and the continued deterioration of liberation war shrines in neighbouring countries, among them Freedom Camp and Mulungushi in Zambia and Chimoio and Nyadzonja in Mozambique;

AND DISTURBED that while the shrines which are an embodiment of the selfless spirit of the liberation struggle lie desolate and neglected, Cecil John Rhodes' grave which is an embodiment of the selfish spirit of colonialism which culminated in the massacre of these brave sons and daughters is an immaculately maintained tourist attraction;

NOW THEREFORE calls upon the executive to pay due homage and national respect to our fallen heroes by availing resources for the upgrade and maintenance of these historic shrines and give due attention to these shrines notwithstanding the annual Heroes Day commemorations.

FURTHER exhorts the Executive to recognize and honour both our living and deceased heroes by declaring the residences they operated from during the liberation struggle as national heritage sites.– **Hon. Nduna**
