HON. MAONDERA

That this House:

DISTURBED by the fact that the rural livelihoods assessment indicated approximately 16% of the rural population is projected to be food insecure for the period of January to March 2016.

WORRIED by the fact that the nation continues to be food insecure yet small grains exhibit the potential to boost food security given their drought – tolerant nature in the event of erratic rains;

FURTHER WORRIED by the failure as a nation, to come up with a deliberate policy on small grains and a national strategy in recognizing the potential of small grains in achieving food security;

21. HON. HOLDER
HON. RUVAI

That this House:

RECALLING that the Shabani – Mashava Mines (SMM) closed more than 15 year ago and prejudiced over two thousand employees due to non-payment of salaries and wages, poor service delivery as well as deteriorating living standards as a result of poor maintenance of basic facilities such as sanitation, sewer and water reticulation system, roads and infrastructure among others;

HON. MARIDADI

That this House –

NOTING that the process of digital migration as outlined by the International Telecommunications Union (ITU) has surgically changed and transformed the broadcasting industry in terms of the spectrum size and management in Zimbabwe;

CONCERNED that the current legislation is inadequate in its scope in addressing emerging issues resulting from this process;

ALSO NOTING that the Ministry of Information Media and Broadcasting has conceded and acknowledged that the Broadcasting Services Act and the Access to Information and Protection of Privacy Act need to be amended in line with the emerging trends born out of the digital migration process and the dynamics of listenership and readership of the media products;

DISTURBED that despite the provisions of the Broadcasting Services Act in Section 61(3) which guarantee freedom of establishment of broadcasting media subject to licensing conditions that are necessary, Zimbabwe still does not have the 3-tier broadcasting system fourteen years after the promulgation of the Act;

COGNISANT that the many community broadcasters are eagerly expecting invitations for license applications as evidenced by the existence of different local communities that have been awaiting that development;

WORRIED that Section 10 of the Act is prohibitive as it gives discretionary powers to decide when to call for licenses without necessary safeguards to curb abuses that may be detrimental to some classes of licenses as is currently the case with community broadcasters;

AWARE that the Constitution of Zimbabwe (2013) provides for freedom of Expression, the media; and the right of access to information under section 62, Hence the need for the revision of legislation that regulates broadcasting;

CONCERNED that under the Act the appointment process of the BAZ Board undermines best practices and requirement that State Licensing Authority and procedures should be independent of control by government, political or commercial interests.

FURTHER CONCERNED that the appointment procedures and processes under the Broadcasting Services Act are not sufficiently transparent to guarantee the independence of BAZ Board and its decisions.

NOW, THEREFORE, calls upon the Executive to:

- (a) urgently table a Bill to comprehensively amend or repeal the Act;
- (b) facilitate public participation in the processes, as outlined in regional and international instruments on broadcasting; and
- (c) clearly state what percentage of the broadcasting fund goes to local content production.

23. HON. NDUNA
HON. R. MPOFU

That this House -

NOTING with concern that at least 10 percent of the 13 million Zimbabweans have some form of disability;

CONCERNED that despite various awareness programmes initiated by both the Government and non-governmental organisations, people living with disabilities are still subject to stigma and discrimination;

FURTHER CONCERNED that there's no institutionalised deliberate inclusion strategy from primary education to tertiary level to support students with disabilities.

ACKNOWLEDGING the various initiatives taken by Government in post-independence Zimbabwe to empower and improve the lot of people living with disabilities such as the introduction of vocational training centres for people living with disabilities and the enactment of the Disabled Persons Act in 1992;

RECOGNISING the tax concessions extended to people living with disabilities such as the suspension of Customs Duty on certain specified motor vehicles imported by physically handicapped persons for their own use.

DISTURBED that such noble concessions do not extend to critical equipment such as wheelchairs, hearing aids, braille and crutches for use by people living with disabilities;

WORRIED that as a result of the taxes levied on wheelchairs, braille and crutches they are beyond the reach of the majority of people living with disabilities who are poor;

FURTHER WORRIED that sign language which caters for the deaf and dumb and Braille for the blind has not been allowed to take root from primary education level for no fee in line with section 75 of the constitution calling for education for all.

NOW, THEREFORE, CALLS UPON THE GOVERNMENT TO:

- (a) Introduce tax concessions starting from the 2017 Budget for critical equipment such as wheelchairs, braille and crutches to ensure that they are affordable to the majority of people living with disabilities;
- (b) Make sign language and Braille all inclusive and compulsory for all institutions of learning to provide, a well-rounded education system for people living with disabilities and needing such learning and education.

25. HON. MAJOME
HON. MAONDERA.

That this House -

CONCERNED that the state of the capital city Harare's and other urban roads are in an appallingly dilapidated state that is not only car-worthy but is hazardous to life, limb and property.

RECALLING that the Zimbabwe National Roads Administration (ZINARA) took over from Harare City Council and other municipalities the collection of termly vehicle licensing fees, 10% of which revenue would be retained by municipalities for road maintenance.

FURTHER recalling that municipalities were able to fund the maintenance of roads then, but disconcerted that the state of municipal roads deteriorated steadily since ZINARA took over the revenue collection, and even more sharply in the last four years.

CONCERNED that ZINARA fails to disburse to Harare City Council sufficient money to maintain roads, despite the bulk of the nation's vehicle fleet being domiciled in Harare.

FURTHER disturbed by the lack of transparency, inequity in disbursement and misappropriation of revenues from motorists by ZINARA, which is not in the national interest, as exemplified by the recent purchase of snow ploughs.

AFFIRMING and encouraged by the imperative in Section 264(f) of the Constitution to '*transfer responsibilities and resources from national government in order to establish a sound financial base for each provincial council and local authority*' and

MANDATED by the duty of Parliament in Section 119(2) of the Constitution to, '*ensure that the provisions of this Constitution are upheld and that the State and all its institutions and agencies of government at every level act constitutionally and in the national interest*'

NOW THEREFORE this house resolves that;

- (a) ZINARA ceases to collect termly motor vehicle licence fees thereby restoring that function to Harare City Council and all other respective municipalities and local authorities.
- (b) Harare City Council and the respective municipalities and other local authorities retain 100% of the resultant revenues from termly motor vehicle licences and suspend remittances to ZINARA until all their roads are in a demonstrably recovered state.
- (c) ZINARA disburses to Harare City Council by July 2017 all the arrears it had undertaken to pay, and by December 2017 to all other local authorities.
- (d) ZINARA accounts be audited for the past 5 years for its revenues and comparative disbursements to local authorities and its expenditure, and such audit be tabled to the Public Accounts Committee.
