That this House -

MINDFUL that Section 35 of the Constitution of Zimbabwe provides for citizenship by birth, descent or registration;

AWARE that Zimbabwean citizens are entitled to the rights, privileges and benefits of citizenship accruing from them being citizens;

RECOGNISING that there are duties and obligations that go with being citizens;

COGNISANT that provisions of the Constitution that entitle citizens to dual citizenship, can be easily circumvented by citizens claiming their foreign nationality and yet benefitting from the protection, travel documents and any other primary documents accorded to them through citizenship;

DISTURBED that dual citizenship can be abused;

NOW THEREFORE, calls upon;

- (a) The Executive to amend the Constitution so that dual citizenship by descent and registration is completely abolished; and
- (b) The Registrar General to sensitize the Nation on the compelling need to amend the provisions of the Constitution so as to do away with dual citizenship altogether and to further explain the implications and benefits of such actions to the majority of

Zimbabwean nationals who do not have dual citizenship status and allegiance to other countries.

20. HON. MARIDADI
HON. MISIHAIRABWI-MUSHONGA

WHEREAS the Constitution of Zimbabwe in Section 73 establishes “Environmental Rights” as part of the “Fundamental Human Rights and Freedoms” which form Part Two of Declaration of Rights in Chapter Four of the country’s governing Chapter;

WHEREAS several statutes among them the Water Act (Chapter 20:24), and Environmental Management Act (Chapter 20:27), were brought into existence for the protection of the environment of which wetlands are arguably the most important as they are a source of drinking water hence life itself;

CONCERNED that very little regard is given by those in authority to protect wetlands and thus preserve the ecosystem that generates water for the livelihoods of both flora and fauna;

WORRIED that Zimbabwe in general, and Harare in particular, has no other natural sources of drinking water except wetlands.

ALARMED at the rate at which wetlands are being destroyed for agricultural purposes and for the construction of brick and mortar structures that permanently destroy ecosystems which generate water;

NOW THEREFORE resolves that this House calls upon the Executive and all agencies of Government and the State at every level to;

- (a) Stop construction and development on Wetlands;
- (b) Stop using wetlands for agriculture purposes; and
- (c) Put in place mechanisms for the protection and preservation of wetlands.

21. HON. MISIHAIRABWI-MUSHONGA

ALARMED that a National level water bodies have not been fully utilized;

WORRIED that the current sewer reticulation system in towns and cities has outlived its lifespan and has been overtaken by the population balance;

MINDFUL that during the period 2009 to 2011 over 700 people were hospitalized and more than 274 lost their lives due to the cholera epidemic nationally;

COGNISANT that clean and safe water is a prerequisite for the realization of other fundamental human rights such as the right to health and the right to a clean and safe environment.

FURTHER COGNISANT that Section 77 enjoins the State to take reasonable legislative and other measures to achieve the progressive realization of the right to safe, clean and potable water;
